**World Pool-Billard Association**

**Blackball Rules**

1. **BLACKBALL**
   - When playing as blackball, the term "blackball" is used instead of "black".
   - The rules are similar to billiards with the addition of "blackball".

2. **COMBINATION SHOTS**
   - The potting of a pocket with the cue tip touching any part of the object ball is termed a "combination" shot.

3. **CONTINUING PLAY**
   - If the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

4. **DETECTION OF A BALL**
   - If the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

5. **FINISHING THE GAME**
   - When the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

6. **FINAL SHOT**
   - If the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

7. **FINISHING THE GAME**
   - When the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

8. **FINAL SHOT**
   - If the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

9. **FINAL SHOT**
   - If the cue ball is pocketed during play, the game continues until one of the following occurs:
     - The cue ball is pocketed on the final shot of the game.
     - The cue ball is pocketed on the second-to-last shot of the game.
     - The cue ball is pocketed on the second shot of the game.

10. **FINAL SHOT**
    - If the cue ball is pocketed during play, the game continues until one of the following occurs:
        - The cue ball is pocketed on the final shot of the game.
        - The cue ball is pocketed on the second-to-last shot of the game.
        - The cue ball is pocketed on the second shot of the game.

11. **FINAL SHOT**
    - If the cue ball is pocketed during play, the game continues until one of the following occurs:
        - The cue ball is pocketed on the final shot of the game.
        - The cue ball is pocketed on the second-to-last shot of the game.
        - The cue ball is pocketed on the second shot of the game.

12. **FINAL SHOT**
    - If the cue ball is pocketed during play, the game continues until one of the following occurs:
        - The cue ball is pocketed on the final shot of the game.
        - The cue ball is pocketed on the second-to-last shot of the game.
        - The cue ball is pocketed on the second shot of the game.
